

## KC METRO GIS Meeting Summary, 11\20\2009

<b>Attendee</b>	<b>Jurisdiction\Agency</b>
Bill Kostopolus	City of Belton
Bill Newland	MAST Ambulance
Brian Parr	MARC
Christian Cooley	Unified Government
Dave Nelson	Platte County
Gail Porter	City of Blue Springs
Heather Eisenbarth	City of Raymore
Ingrid Landgraf	USGS
Jakob Goldman	MARC
Jay Heermann	Johnson County
Kathy Robertson	City of Independence
Saralyn Hayes	MARC
Steve Brown	City of Overland Park
Steve Marsh	Jackson County
Todd Comer	Platte County

### **Introductions \ Current Events**

Introductions were made. Ray Fox commented on DEM availability from MSDIS. Jay Heermann highlighted the new quick maps functionality on the [Johnson County Home page](#). Steve Brown highlighted Overland Park's new website design and their use of ArcGIS Server within the [MAPS and Stats](#) section. Ingrid Landgraf provided an update on homeland security coordination and data sharing work going on at the State of Kansas.

### **2010 Imagery Presentation**

A presentation about the selection process used for the 2010 imagery project was given at the meeting. The members of the 2010 Aerials Workgroup were listed and the RFP schedule and proposal review tasks covered in detail. The companies that submitted proposals for the 2010 imagery project included Kucera, Merrick, MJ Harden, Sanborn, and Surdex. All but Sanborn were selected for the shortlist. All shortlisted vendors were called in for interviews over the period of 11\17-11\18. Following the interviews the members of the aerials workgroup voted on their selection. The results were unanimous for Surdex.

The Workgroup's recommendation to contract with Surdex for the 2010 imagery was presented. The total cost of the Surdex proposal for the total project area of 2,263 miles square is \$321,734. No objections were made, and this recommendation was taken to the MARC Board for Approval on 11\24\2009.
