Super Bowl XLVI

Super Bowl XLVI will be played Feb. 5 at Lucas Oil Stadium in Indianapolis, which will be the first time the Super Bowl has been played in Indiana. Indianapolis is the northernmost city in the United States to host the Super Bowl since Detroit hosted Super Bowl XL in 2006. To commemorate this occasion, the Census Bureau has compiled a collection of facts examining the demographics of the host city, as well as the cities represented by the contenders, in this year's edition of our nation's most celebrated sporting event. Go to <<http://www.census.gov>> for more statistics about these cities.

New York (Giants)

1st

Where New York ranked on the list of the nation's most populous cities. The population of New York in 2010 was 8,175,133.

Source: 2010 Demographic Profile

<http://factfinder2.census.gov/bkmk/table/1.0/en/DEC/10_DP/DPDP1/1600000US3651000>

33.4%

Percentage of New York residents 25 and older who had a bachelor's degree or higher in 2010; 79.6 percent had at least graduated from high school. The respective national figures were 28.2 percent and 85.6 percent. The percentage in New York who have graduated from high school did not differ significantly from the percentage for Indianapolis.
