

Special Invitation to Mobility Service Stakeholders

Do you know how Coordination Planning Requirements impact you?

MoDOT can assist. Please join us for these informational workshops.

Recent federal transportation law requires projects funded in three (3) Federal Transit Administration programs be derived from locally-developed, coordinated public transit – human service transportation plans. As time progresses, more federally funded mobility programs will likely require this coordination planning. The three (3) grant funded programs now affected are:

- FTA Section 5310 – Vehicles for agencies serving seniors and/or persons with disabilities
- FTA Section 5316 – Job Access and Reverse Commute Program
- FTA Section 5317 – New Freedom Program

To assist communities in developing these local coordination plans, the Missouri Department of Transportation will host seven workshops across the state of Missouri for social service agencies, transportation providers, transportation planners, mobility service users and their advocates.

Session dates, times and locations are listed below (Registration is required, see back).

Wednesday, Dec. 14 - 10:00 a.m. to 12:00 p.m.
MoDOT Central District Office
Parrish Conference Room
1511 Missouri Boulevard
