Policy:

Each MAHS direct service provider will identify and implement with fidelity one of, or any combination of, the following specific curriculum models:

- Project Construct®
- Creative Curriculum®
- High/Scope®

To ensure fidelity of implementation, all materials and learning experiences provided will be compatible with the identified curriculum model. Each of these models meets Head Start Program Performance Standards and is approved by the Missouri Department of Elementary and Secondary Education. Direct service providers offering home-based services may combine their identified curriculum model with additional curricula targeted to parents. Adherence to the above regulations and this policy is subject to monitoring by MAHS staff.
