
The following DRDP (2015) measures will be considered conditional for Mid-America Head Start children. These measures should only be used if they assist teachers in planning a child’s learning activities and supports, and documenting progress. The four ELD measures are used only if a language other than English is spoken in a child’s home.

If the teaching team decides that the conditional measures will not be used for a child, rate the measure as “Conditional” in Learning Genie.

The following DRDP measures are conditional measures:
