Steps for documenting the appropriate eligibility category identified on Form 5000:

3. When, for whatever reason, parents or guardians have no W-2 Forms, 1040 Form, check stubs, or lack any type of documentation needed to verify income, complete the Income Verification Form 5020. Documentation may also include an interview with a third party references when consent has been given by the parent/guardian to verify their eligibility information from them.
4. Attach or place all completed forms and documentation used to determine income behind the completed Form 5000.

2. All forms and documentation within ChildPlus must reflect zero income and must clearly reflect how the eligibility determination was made.
3. Provide the most current or available Notice of Action or letter of approval verifying that the family is receiving TANF or Supplemental Security Income (SSI). Note: SSI recipient must be a family member.
4. Attach or place all completed forms and documentation behind the completed Form 5000.

Foster Child or Homelessness:
1. Do not use Form 5170
2. All forms and documentation within ChildPlus must reflect zero income.
3. For children in foster care: provide the most current or available documents that verify the state has assumed responsibility for the placement and care of the child.
4. For homeless families:
   a. Add the Homeless Code (found on the back of Form 5000) in the space provided on the front of Form 5000 to describe the specific condition under which the family’s eligibility was determined.
   b. Include the documentation used as proof of a child or family’s homeless status as outlined on the back of Form 5000.
