We Help Our Community Navigate the Global Shift in Demographics

Those 65+ will surpass the number of people <5 years old within the next decade.

Within the next 40 years, there will be twice the number of people 65+ than those under 5 years old!

United Nations Department of Economic and Social Affairs
We help mid-life adults find personal direction.

We teach men and women how to reframe their future and navigate change.
We help nonprofit leaders transform our community with the skilled help of adults age 50+.

We empower nonprofits to fulfill their unique missions by training them how to recruit and utilize volunteers with a wealth of specialized experience.
Explore Your Future

Our workshop is aimed at **discovering**, **understanding**, and **planning** for the next stage of life.
The Learning Lab

Our program “Captures the Energy and Expertise of People Age 50+,” by focusing on their individual passions, talents and skills.

Empowering nonprofits to change the world through volunteers.
