<tr>
<td>Ellen Dorshow-Gordon</td>
<td>Ximena Ilabaca-Somoza</td>
<td>Dee Vernberg</td>
</tr>
</tbody>
</table>

Purpose

To prioritize KCDC activities and output production

Mission

The KCDC will use available data to provide regional and local health information to the community and identify gaps in existing data sources and work to fill these gaps by producing (collecting, analyzing, and interpreting) missing/necessary population based data for the Kansas City Metropolitan Area, which consists of Leavenworth, Wyandotte, and Johnson counties in Kansas, Platte, Clay, Cass, Jackson, and Ray counties in Missouri and the cities of Independence and Kansas City, Missouri.

Vision

KCDC will become a regional leader in disseminating health data that is easy to use and translatable into improved health at both the local and regional levels. KCDC will seek to be involved in the improvement processes of current data use systems, advocating for data consistency and functionality for the user. KCDC will provide information on data use, interpretation, and quality to users of KCDC data. KCDC will collaborate on data use projects with other local and regional organizations. Additionally, KCDC will assess trending needs for workforce development.

Agenda

1. Introductions
2. Review March minutes
3. Final updates on yearend summary, technical report, and media reports
4. Update on data use agreement
5. Discuss BRFSS and next steps
6. Adjourn

Notes

- KCDC reports
  - MT Hynek will update page 4 “some epidemiology specialists”
  - All documents have been sent to Bill Snook at KCMO for review; after updating, the revised documents will be circulated to the group and released
- Data exchange agreement
  - X Somoza provided 2 documents (attached) describing data exchange agreements
  - X Somoza agreed to head a data exchange committee seeking to formalize a data exchange agreement between public health entities and hospital and clinic data
  - X Somoza will solicit committee membership; all KCDC members are asked to read the
attached documents for further education

- BRFSS, MCH indicators, and next steps
  - No BRFSS updates
  - E Dorshow-Gordon has provided information on E. Jackson County’s MCH indicators and X Somoza provided information for Clay County.
  - MO State is going to pull MCH Healthy People 2020 indicators for MO jurisdictions as well as a regional set of indicators. This information will be shared with the KS jurisdictions, which will pull the same information. At the July meeting, this information will be discussed and we will decide on indicators for our regional report.
  - Guidelines for choosing indicators include: indicator is readily available, has a history, and has a future; hope to select between 10 and 20 indicators with some regional indicators and some indicators important more locally.

- Additional information
  - X Somoza reported on MidAmerican Immunization Coalition work and providing feedback on how influenza immunization data is collected
  - The first step in this work would be to report on the forms currently in use and assess state compliance with CDC recommendations
  - In addition, Clay County is working on ways to receive reports from clinics and hospitals on breastfeeding rates. This will track breastfeeding rates among women who are not using WIX

- Next meeting
  - The next meeting will be planned for July. A doodle poll will be sent out to decide on a date.
  - A conference call line will be available

---

### NEXT STEPS/ ACTION ITEMS

**MT Hynek**
- Circulate all documents to group
- Revise documents based on comments received

**A Hunter and B Mickels**
- Pull MCH data for all MO jurisdictions and a regional set of indicators (Cass, Clay, Platte, Ray, E. Jackson, Independence, and KC)

**Everyone**
- Review attached documents
- Complete Doodle poll
Kansas City Data Collective (KCDC)
Fifteenth Meeting
May 4th, 2015, 1:30-3:00 PM

Agenda

1. 1:30-1:35 PM Introductions
2. 1:35-1:40 PM Review of March meeting notes
3. 1:40-2:00 PM Final updates on technical report, media report, yearend summary
4. 2:00 AM- 3:00 PM Discuss BRFSS and next steps, etc.
5. 3:00 PM Adjourn
