<tr>
<td>Vince Romero</td>
<td>Michael Onsongo</td>
<td></td>
</tr>
<tr>
<td>Ellen Dorshow-Gordon</td>
<td>Ximena Ilabaca-Somoza</td>
<td></td>
</tr>
</tbody>
</table>

Purpose

To prioritize KCDC activities and output production

Mission

The KCDC will use available data to provide regional and local health information to the community and identify gaps in existing data sources and work to fill these gaps by producing (collecting, analyzing, and interpreting) missing/necessary population based data for the Kansas City Metropolitan Area, which consists of Leavenworth, Wyandotte, and Johnson counties in Kansas, Platte, Clay, Cass, Jackson, and Ray counties in Missouri and the cities of Independence and Kansas City, Missouri.

Vision

KCDC will become a regional leader in disseminating health data that is easy to use and translatable into improved health at both the local and regional levels. KCDC will seek to be involved in the improvement processes of current data use systems, advocating for data consistency and functionality for the user. KCDC will provide information on data use, interpretation, and quality to users of KCDC data. KCDC will collaborate on data use projects with other local and regional organizations. Additionally, KCDC will assess trending needs for workforce development.

Agenda

1. Introductions
2. Review September minutes
3. Discuss MOHAKCA presentation
4. Discuss data use agreement
5. Discuss yearend summary, technical report, and media report
6. Adjourn

Notes

- MOHAKCA presentation
  - Dr. Somoza and MT Hynek presented at MOHAKCA meeting on January 5th, 2015
  - There was interest from the health directors in paying for an ongoing BRFSS survey
  - We are going to illicit a cost estimate from Jeanie at KDHE before deciding on a survey company
  - MT Hynek will send cost information received to the group as soon as possible
  - May create a request for proposal and approach the:
    - Hospital Association
    - HealthCare Foundation
• Data exchange agreement
  o V Romero presented on Lawrence/ Douglas and Sedgwick County’s work on data use agreements
  o How do we create longevity with data exchange?
  o Clay County is working on a QI project with epidemiologist with data exchange
  o We don’t know what data use agreements should look like and this could be a possible QI project for KCDC
  o We need to share data!
  o May present a progress report at the next meeting
  o Email Dr. Somoza to work on the data agreement process

• Reports
  o Place all tables and figures in appendix
  o Dr. Cai will fix the maps to better reflect E. Jackson County’s jurisdiction
  o Change map coloring
  o Check alignment, improve labeling, include header repeats, add verbage, send to PIO for review
  o Create a smaller document for inclusion on the website
  o Revise media report and year end summary

• Next meeting
  o The next meeting will be planned for March. A doodle poll will be sent out to decide on a date.
  o A conference call line will be available
