**1. Welcome and Introductions**

The meeting was called to order. Self-introductions were made. The October meeting summary was reviewed and a motion made by Donna Lamar to approve and was seconded by Jackie DeVaul. There were no opposing votes.

**2. Communications**

Bill Sweeney reported that the KC Heart Net was down in Rural Region A and on hold for the present time.

There was much discussion on whether or not to continue the monthly VHF Test. The stakeholders would like to see it continued however there will need to be increased participation to continue. Bill Moberly will discuss this with Southern District at their next meeting and report back.

The monthly Moswin test will be held on 11/17 and the net will be run by Lafayette Regional Health Center. This net seems to be increasing in participation monthly.

**3. Training and Exercise Update**

ICS 300 and 400 are being offered at MARC. Please go to MARC.org to register. All stakeholders are encouraged to routinely check the Sema website [www.sema.dps.mo.gov](http://www.sema.dps.mo.gov) for additional free training opportunities.

Jackie DeVail and Deb Peck provided an overview of our September 26, 2017 multi county Decon exercise. The AAR/IP were provided for all the stakeholders.

**4. Other Business**

Maureen Burke, Region A Coordinator for Emergency Management has left. Until a replacement is named please contact Mike Booth the region H coordinator.

The Strategic Plan and Situational Assesment were discussed by stakeholders.

**5. Trailer Inspections**

Those stakeholders who have an MCI trailer provided by MARC were notified that an inventory and maintnenace have been taken over by SEMA. Plans are being made to pick-up trailers and taken off site for this work. Please make sure that all your trailers are in working order and tires meet standards.
