1. Welcome and Introductions

Due to Tom Jones’ absence, Bill Moberly called the meeting to order. Self-introductions were made. The meeting summary from the August meeting was reviewed and approved.

2. Communications

The monthly VHF test is scheduled for September 20, 2017. Due to lack of participation, this net may be cancelled. Will review stakeholder participation after net to see if it will be continued.

The monthly Moswin net will be also be held on September 20, 2017. Paul Hayes, Ray County Hospital will be the net controller this month. Participation is requested by all the stakeholders if we are to continue to do these nets.

3. Training and Exercise Updates

The Mid-America Regional Council continue to hold classes for both ICS 300 and 400. Please go to their website to register. Additional training is available from SEMA. Please go to sema.dps.mo.gov to see list of classes available.

Jackie DeVaul and Deb Peck provided an overview and review of the scheduled Northern District Exercise to be held on Tuesday September 26, 2017. Any questions pertaining to the exercise should be directed to either Jackie at Ray County or Deb at Lafayette Regional Health Center. Evaluators and controllers were requested from the stakeholders.

4. CMS Workshop

Bill Moberly reported on the CMS workshop that was held in Kansas City on August 30th. The stakeholders present felt like they would like to do something similar within the Rural Region A area. The Southern District will be polled at their meeting to see if they want to participate. A design committee will then be organized to do the planning for the event. More news on this topic at the October meeting.

5. Next Meeting – October 5, 2017 at Ray County Memorial Hospital starting at 9:00.

This meeting is a week earlier to allow attendance at the MHA Emergency Preparedness Meeting. No further business the meeting adjourned at 10:35AM.
