Levels of Incidents – Characterizing Potential Coordination
Regional Coordination Guide - Base Guide

Major incidents require MAJOR cooperation. During a major incident for our region...
- There may be competing demands for resources - can you compromise?
- Is there a need for special group to help coordinate?
- Regional Incident Coordination Group could support during a major incident. Use this group and MARC to support your efforts!
Regional Coordination Guide - Base Guide

Mutual Aid and Documentation
- Document everything! Be familiar with ICS forms and know who is responsible for tracking all of the paperwork.
- Written/formal mutual aid agreements should be in place ahead of time if possible.
- Be aware of existing plans and mutual aid agreements.
- More than anything, communicate!
