AGENDA

I. Presentations

   9:00

   Recycling 101: How to Recycle More and Better in the Kansas City Region
   Matt Riggs, MARC Solid Waste Management District

   Matt has redesigned the in-person Recycle More At Work presentation into this virtual presentation geared toward future program partners and the general public. It focuses on items that should and shouldn't go in your curbside recycling bin, items that are recyclable beyond the curb, and free tools that can help you increase and improve your recycling. As this is a dry run, time will be given at the end of the presentation to ask questions and provide feedback.

   COVID-19 Impacts on Waste and Recycling
   Angie Gehlert, Missouri Recycling Association

   The COVID-19 pandemic has impacted the waste and recycling industry. The industry has had to adapt their systems to collect waste and recyclables from homes, businesses and institutions, while keeping employees safe. We’ve seen changes in waste stream volumes, suspension of services, shifts in recycling markets and closures of recycling-based businesses. Angie will provide an overview some of the COVID-19 impacts observed in Missouri.

II. Closing

   10:30

   The next Executive Board meeting is scheduled for Wednesday, September 16 from 11:00 am – 1:00 pm. The next Management Council meeting is scheduled for Wednesday, October 21, 9:00 to 10:30 am. Please note that these meetings may be held via teleconference due to COVID-19 precautions.

Enclosures: None.
