Mobility Advisory Committee

Strategic Work Agenda

The goal of creating the Mobility Advisory Committee (MAC) is to obtain the end goal of coordinated service delivery throughout the MARC region. The current enhanced mobility system is unable to meet that goal. It will take many small success and changes prior to big advancements to take place. The responsibility of MAC will be to facilitate the agenda of creating a mobility management system that can ensure long-term service coordination, and therefore, tangible benefits to citizens throughout the Kansas City region. The strategic work agenda is a living document and may change to reflect ongoing changes in the field of enhanced mobility. Below is a breakdown of possible work tasks over the course of 2014 and 2015.

August 2014:

- Discuss and approve committee purpose and stakeholder base.
- Discuss possible work plan items to be added to the list in addition to the items below.

September 2014:

- Hold special meeting for a pre-application workshop regarding Section 5310 Program funding

October 2014:

- Present draft of the updated TO2040 chapter five. Request comments.
- Hold first stakeholder meeting for the Mobility Management Action Plan
  - The purpose of this meeting will be to discuss current events, transportation issues, and initial thoughts on possible coordination.

December 2014:

- Section 5310 Project Evaluation and Prioritization
- Hold second stakeholder meeting for Mobility Management Action Plan
  - The purpose of this meeting will be to present and discuss the approaches for service coordination. A discussion will be held around best practices from around the nation.

February 2015:

- Announce the new co-chairs of the committee, as chosen by MARC and KCATA.
- Hold third stakeholder meeting for Mobility Management Action Plan
  - The purpose of this meeting will be to discuss the descriptions of the shortlisted service coordination strategies and to select a final strategy or strategies. The discussion will focus on how current practices and service characteristics may be impacted by the implementation of each possible strategy.

April 2015:
• A draft of the implementation plan will be presented to the committee for discussion and comment.

**June 2015:**

• Staff will provide a presentation on the final mobility management plan.
• The committee will begin discussing next steps in terms of implementing the strategic plan derived from the Mobility Management Action Plan. The discussion should include what types of performance measured should be included as part of the implementation plan.

**August 2015-December 2015:**

• Status reports on the implementation of strategy plan.
• Presentations of TO2040 updated plan.
• ???
