MARC hereby notifies all interested parties that it affirmatively ensures that all respondents to this notice are afforded full opportunity to submit proposals and that no respondent will be discriminated against on the grounds of race, color, national origin, disability, sex or veteran status in consideration of an award.

### **II. PROPOSAL BACKGROUND**

MARC's role as an Area Agency on Aging (AAA) and its authority to conduct this solicitation and to procure contractors for these services is described in the MARC Policies and Procedures Manual at <https://www.marc.org/aging-health/aging-and-adult-services>. Refer to this manual for additional information regarding:

- A. Legislative Authority and Funding Sources (Section 1)
- B. Mission of the AAA (Section 2)
- C. Overview of Service System (Section 3)
- D. Eligibility for Services (Section 5)

### **III. CONTRACT PERFORMANCE PERIOD**

The MARC Aging and Adult Services program period coincides with the state fiscal year (SFY), which in Missouri is July 1 through June 30 of the succeeding calendar year. For SFY 2027 the period will be July 1, 2026, through June 30, 2027.

#### **IV. MINIMUM REQUIREMENTS OF ALL RESPONDENTS**

Responses to this RFP will be accepted only from organizations meeting the following minimum requirements:

- A. A business/organization eligible to do business in the state of Missouri. Proposals from individuals will not be accepted.
- B. A business/organization that has current licenses and/or permits, as required for proposed service(s).
- C. A business/organization that has developed and implemented programs for compliance with federal and state regulations for equal opportunity, drug-free workplace, and ADA.
- D. The business/organization must have at least two years of experience in the delivery of services to the target population.
- E. The business/organization must be eligible to receive federal funds. MARC is prohibited from contracting with or making sub-awards under cover transactions to parties that are suspended, debarred, or otherwise excluded from, or ineligible for, participation in federal assistance programs or activities, or whose principles are suspended, debarred or otherwise excluded from, or ineligible for, participation in federal assistance programs or activities. Covered transactions include procurement contracts for goods or services equal to or in excess of \$25,000 (e.g., sub-awards to sub-recipients).

#### **V. DATA PRIVACY COMPLIANCE**

On August 21, 1996, the Health Insurance Portability and Accountability Act of 1996 (HIPAA), Public Law 104-191, was enacted. The Department of Health and Human Services (DHHS) developed privacy regulations governing individually identifiable health information, which were published in final form August 14, 2002. These regulations, known as The Privacy Rule, as well as all Administrative Simplification rules, apply to the “covered entities”, meaning health plans, health care clearinghouses, and to any health care provider who transmits health information in electronic form in connection with transactions for which the Secretary of HHS has adopted standards under HIPAA.

All MARC subrecipients/contractors providing any MARC Older Americans Act program are considered to be “business associates” of MARC and are therefore required to comply with these adopted standards under HIPAA. Therefore, the business/organization must demonstrate willingness and capacity to comply with HIPAA and any other relevant data privacy laws.

#### **VI. JOINT VENTURE**

Joint ventures are acceptable provided all parties of the joint venture satisfy the proposal requirements (i.e., liability insurance, civil rights compliance, annual registration and/or fictitious registration, etc.). Any joint venture must be identified as such on Proposal Cover Sheet (Part D, Proposal Forms). The proposal must include:

- A. The name of each business entity in the joint venture including complete addresses and telephone numbers.
- B. The names of all owners of each business entity.
- C. An explanation of cooperative arrangements regarding decision-making, service delivery, and required reporting.
- D. A clear delineation of each entity's responsibilities.

## **VII. SUBCONTRACTS**

Subcontracts are acceptable, but will require the following:

- A. The primary subrecipient/contractor and the proposed subcontractor must agree to all applicable requirements set forth in the primary contract. Municipalities administering programs are exempt from this requirement.
- B. Prior to MARC approving a subcontract, the primary subrecipient/contractor must submit a written copy of the proposed agreement to subcontract, and the same documentation required of the primary subrecipient/contractor will be required of the subcontractor agency.

## **VIII. SINGLE AUDIT CERTIFICATION**

Successful governmental and non-profit organizations receiving a contract from the Mid-America Regional Council as a result of submitting a proposal to this solicitation, that expend \$1,000,000 or more annually in federal financial assistance, must have a single audit performed in accordance with Subpart F Audit Requirements, of the Office of Management and Budget (OMB) Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal, dated December 26, 2013. Successful organizations that expend less than \$1,000,000 annually are exempt from federal audit requirements for that year.

All in-home health service programs will be 100% funded by federal sources, namely Title III, Part B, CFDA #93.044. All services pertaining to the National Family Caregiver Support Program will be 100% funded by federal sources, namely Title III, Part E, CFDA #93.052, if needed for audit purposes.

For audit purposes, all project income (voluntary contributions from service recipients) collected through the provision of this service will be considered federal funds and subject to the \$1,000,000 threshold mentioned above.

## **VIX. CIVIL RIGHTS COMPLIANCE**

The funds that will be contracted as a result of this solicitation are public funds and are therefore subject to the restrictions and conditions contained in law and regulations. The Civil Rights Act of 1964, as amended, contains precise conditions that are applicable to the expenditures of governmental funds and must be adhered to by MARC contractors.

- A. **Equal Access to Services** — All respondents must include with their proposal a **signed** assurance of Civil Rights Compliance.
- B. **Equal Employment Opportunity** — Each contractor, with 50 or more employees that is awarded contracts for \$50,000 or more, must submit documentation of an approved Affirmative Action Plan for the implementation of the goals of Title VII of the Civil Rights Act of 1964, as amended. Recipients of federal funds are prohibited from employment discrimination on the basis of race, sex, color, national origin, age or handicap.

Refer to Section 4 of the Policies & Procedures Manual, Programs Funded by Older Americans Act (OAA) for details regarding the specifications and standards regulating a contractor's compliance with civil rights regulations.

#### **X. AMERICANS WITH DISABILITIES ACT OF 1990**

All respondents must include with their proposal a **signed** Assurance of ADA Compliance. ADA makes it unlawful to discriminate in employment against a qualified individual with a disability. The ADA also outlaws discrimination against individuals with disabilities in state and local government services, public accommodations, transportation and communications.

Refer to Section 4 of the Policies & Procedures Manual, Programs Funded by Older Americans Act (OAA) for details regarding the specifications and standards regulating a contractor's compliance with these regulations.

#### **XI. E-VERIFY**

Pursuant to the state of Missouri's RSMO 285.530 (1), no business entity or employer shall knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. As a condition of the award of any contract or grant in excess of five thousand dollars (\$5,000) by the State or a political subdivision of the State (e.g., MARC) to a business entity, the business entity (company) shall, by sworn affidavit and provision of documentation, affirm its enrollment and participation in a federal work authorization program with respect to the employees working in connection with the contracted services. Every such business shall sign an affidavit affirming that it does not knowingly employ any person who is an unauthorized alien in connection with the contracted services (RSMo 285.530 (2)).

Those respondents awarded a contract providing services to MARC in an amount over \$5,000 shall comply with Sections 285.525 through 285.550 RSMo:

- A. Enroll and participate in the E-Verify federal work authorization program.
- B. Provide to MARC a notarized Affidavit of Work Authorization affirming said company's/individual's enrollment and participation in the E-Verify federal work authorization program.
- C. Provide documentation evidencing current enrollment and participation in a federal work authorization program (e.g., electronic signature from E Verify program's Memorandum of Understanding (MOU)).

For respondents that are not already enrolled and participating in a federal work authorization program, E-Verify is available through <http://www.sam.gov>.

## **XII. ANTI-DISCRIMINATION AGAINST ISRAEL ACT CERTIFICATION**

Section 34.600, RSMo, precludes MARC from entering into a contract with a company to acquire products and/or services “unless the contract includes a written certification that the company is not currently engaged in and shall not, for the duration of the contract, engage in a boycott of goods or services from the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel.”

## **XIII. COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT OF 1988**

Refer to Section 4 of the Policies & Procedures Manual, Programs Funded by Older Americans Act (OAA) for details regarding the specifications and standards regulating a contractor’s compliance with the Drug-Free Workplace Act of 1988.

## **XIV. DEBARMENT AND SUSPENSION**

All respondents must include with their proposal a **signed** Certification Regarding Debarment and Suspension. MARC, as a non-federal entity utilizing federal funds, is prohibited from contracting with or making sub-awards under covered transactions to parties that are suspended, debarred or otherwise excluded from, or ineligible for, participation in federal assistance programs or activities, or whose principals are suspended, debarred or otherwise excluded from, or ineligible for, participation in federal assistance programs or activities. Covered transactions include procurement contracts for goods or services equal to or in excess of \$25,000 (e.g., sub-awards to sub-recipients).

## **XV. CLEAN AIR ACT/CLEAN WATER ACT/EPA REGULATIONS**

Contractors that receive in excess of \$100,000 are required to comply with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15).

## **XVI. PATENT AND COPYRIGHTS RIGHTS**

All contractors shall comply with all requirements and regulations pertaining to patent rights with respect to any discovery or invention, and any copyrights and rights in data which arises or are developed in the course of or under such contract, where applicable.

## **XVII. APPEALS PROCESS**

The purpose of the appeals process is to give current, past and potential service providers and consumers of MARC-operated programs an opportunity to express their grievance, or to appeal a decision in the proposed award of contracts.

- A. A preliminary provider list will be approved by the MARC Board of Directors at its May 2026 meeting. After the meeting, a formal response will be sent to all respondents officially notifying them of the Board's recommendations subsequent

to the meeting. Respondents wishing to submit an appeal of the contract award decision must submit a formal written request including the reason for appeal, by 5:00 p.m. (CDT), June 3, 2026.

- B. The appeals request should be addressed to the Executive Director of MARC detailing the basis for the appeal. The individual who was authorized to submit the original proposal must also submit the appeal.
- C. If necessary, an appeals hearing will be held during the month of June 2026.

Refer to Section 14 of the Policies & Procedures Manual, Programs Funded by Older Americans Act (OAA) for details regarding the specifications and standards regulating the steps a respondent is required to take to process an appeal.

## **PART B**

### **I. HOME AND COMMUNITY BASED SERVICES REQUESTED**

For all services, MARC will identify and screen participants for eligibility, prioritize receipt of services using validated multi-domain measures of risk, and authorize units of service.

All activities funded by MARC must have appropriate, adequate, and timely reporting tied to those activities. MARC reports these activities to state and federal authorities for regular program accountability and occasional analysis of program or service effectiveness.

It is the contractor's responsibility to gather and report all necessary data elements — for all activities, programs, and services under MARC funding — using the software, processes, and formats required by MARC, as applicable. Usually, data elements are required at the individual client or individual participant level, unless restricted by law.

All individual client's personally identifiable information (PII) and protected health information (PHI) data associated with MARC contracts are subject to HIPAA protection. Part A, Section V of this RFP explains this data privacy compliance.

For planning and administrative purposes, this RFP pertains to MARC's five (5) county planning and service area (PSA), which consists of the Missouri counties of Clay, Cass, Jackson, Platte and Ray.

## **III. PROJECT MONITORING AND EVALUATION**

The monitoring process is used to evaluate the quality and quantity of service, but also to provide information useful in the planning and development of comprehensive, cost-effective, client-centered services. A written report of findings will be mailed to the Contractor within four (4) weeks of the monitoring visit in most cases and, if significant findings are found that could impact contracting, may be presented to the Commission on Aging for review.

The monitoring process includes an audit of data privacy and cybersecurity compliance.

Evaluation scores will be summed up and combined with recommendations from this committee, which will be submitted to the Commission on Aging. The Commission on Aging shall review this information and forward its recommendations to the MARC Board of Directors. Part A, Section XVII of this RFP explains the appeals procedure.

All proposals accepted for consideration will be evaluated using a weighted scoring system:

- G. MARC reserves the right, in the event of only one response to this RFP, to negotiate the terms and conditions, including the price included in the sole respondent's proposal.
- H. During contract negotiations, MARC reserves the right to request supporting data that demonstrates the reasonableness and appropriateness of the proposed services and associated costs. Respondents may be asked to further define or adjust their proposed services. If such revisions are requested, respondents will have the opportunity to update their proposed pricing to reflect MARC's requested changes. Additionally, MARC may choose to modify the total volume of services required — either increasing or decreasing the scope — based on program needs.
- I. The community-based care system comprises the total array of public and private resources available to assist the older person. Federal service funds are provided through Title III of the Older Americans Act. Special consideration may be given to those respondents having the ability to deliver services through multiple funding sources.

To the extent possible, MARC will keep information contained in proposals confidential. Respondents are required to identify those portions of their proposal document that they consider to be
