

Application

DOE Renew America's Nonprofits Energy Conservation Grant Program

The Mid-America Regional Council (MARC), Community Capital Fund, Climate Action KC, Metropolitan Energy Center, United Way of Greater Kansas City, Custom Engineering and Entegrity Energy Partners are working together to support nonprofit organizations that own their buildings to achieve energy conservation improvements through use of federal funds. If you are interested in being considered for this grant program, please complete the following application and submit it by 5 p.m. CST on Friday, Aug. 23, 2024. Learn more about this grant opportunity.

Note: Applicants may save and continue completing their submission at a later date. If you compile your information in advance, we estimate it will take 45-60 minutes to complete the application online. If you have questions, please email info@marc.org.
