

ADDENDUM NO. 1

Mid America LEPC Plan Update and Exercise RFP

This Addendum No. 1 provides official responses to questions received regarding the Mid America LEPC Plan Update and Exercise Request for Proposals (RFP). All other terms and conditions of the RFP remain unchanged.

Section C – Task 1

Question: Is the expectation that the contractor will review and recommend data that should be updated, rather than be responsible for researching and developing the updated data?

Answer: The contractor will be responsible for researching and updating the data. Updated Tier II data will be provided by MARC; however, the contractor is expected to conduct basic analysis of the Tier II information to inform the planning process.

Section C – Task 6

Question: With regard to design and development of the exercise, is it acceptable to conduct planning meetings virtually rather than in person?

Answer: Yes. It is acceptable to conduct planning meetings virtually rather than in person.

Section C – Task 7

Question: Please confirm that a single scenario is intended which would be repeated over the three-day period.

Answer: A single scenario is intended and will be repeated daily over the three-day exercise period.

Section C – Task 7

Question: Is the contractor responsible for providing all controllers and evaluators, or will the MARC planning team or other local resources also be available to support control and evaluation?

Answer: The contractor is responsible for providing all controllers and evaluators.

Section C – Task 7

Question: For conduct of the exercises, is the contractor responsible for providing any food or beverages?

Answer: No. The contractor is not responsible for providing food or beverages.
