Q: Is the maximum length of the key proposal sections 10 pages (page 7 of the RFP) or 20 pages (as it says on page 8)?

A: The maximum length of the key proposal section will be 10 pages, and the total proposal should not exceed 20 pages including resumes and attachments.

Q: Does the budget "up to \$350,000" include the purchase of any OD data either for understanding travel flows across the cordon points or for other areas of model validation?

A: Marc will buy external OD data for the project; the \$350,000 budget does NOT need to cover the OD data that is used to evaluate the traffic flow across the external stations.
