REQUEST FOR QUALIFICATIONS

BACKGROUND

The Mid-America Regional Council (MARC) is a nonprofit association of city and county governments and the metropolitan planning organization for the Kansas City region. MARC promotes regional cooperation and develops innovative solutions while providing a forum for the region to work together to advance social, economic, and environmental progress. The Mid-America Regional Council (MARC) is a nonprofit association of city and county governments and the metropolitan planning organization for the Kansas City region. MARC promotes regional cooperation and develops innovative solutions while providing a forum for the region to work together to advance social, economic, and environmental progress.

Capitalizing on well-established community connections, MARC serves as the grantee for Head Start and Early Head Start programs in metropolitan Kansas City in Clay, Platte and Jackson Counties. These programs provide comprehensive, high quality, birth through five early education services that facilitate healthy development, including physical and social/emotional development, and prepare children for school success. Head Start and Early Head Start programs will serve approximately 2300 children and their families through contracted direct service providers throughout Clay, Platte and Jackson Counties in Missouri. Services will be provided in center-based and home visiting programs for children from birth to five years and pregnant women. Ten percent of MARC's actual enrollment must be children eligible for services under Individuals with Disabilities Education Act (IDEA).

Contracted early childhood programs will fit within one of three Tiers based on each agency's capacity to provide comprehensive services. Agencies in Tiers 1 or 2 serve fewer numbers of HS/EHS children (less than 200) and receive supplemental support from MARC in meeting comprehensive requirements. MARC will support these programs in a variety of ways including contractual agreements with outside community agencies and consultants to support provision of comprehensive services including disability services for children and families. It is for this reason that we are seeking a qualified individual to perform disability-related activities as outlined in the scope of work below. The Early Intervention Coordinator will work with an assigned number of sites, and in collaboration with the MARC Mental Health and Disabilities Manager and other staff to provide coordinated support for Head Start and Early Head Start disability services. See Exhibit A for a list of all sites.

MARC is seeking individuals who have experience in Head Start and early intervention, special education services. Bachelor's or Associate's in a related field is required.

SCOPE OF WORK

- Provide monitoring, consultation, coordination of services, and training, and oversight of disability services for select Head Start and Early Head Start programs and locations.
- Assist the Mental Health and Disabilities Manager in creating and maintaining collaborations with First Steps, local school districts and other community agencies. Collaborate with all members of the MARC team to ensure that performance standards and disability policies & procedures are implemented consistently.
- Work in collaboration with site staff to develop and implement specific procedures for the provision of disability services.

The proposed scope of work includes the following tasks:

• Work in collaboration with identified site staff to provide individualized support for

identified children and provide referrals to First Steps or local school district as needed.

- Provide support for site with completion of on-site developmental screenings.
- For identified children, review all enrollment documentation received from parents to assist with coordination of services.
- Complete data entry for disability services in Childplus database. Review Childplus monitoring reports to identify children needing follow up documentation and/or referrals.
- In collaboration with family advocate, provide resources and connections for parent education.
- In collaboration with family, assist in transition planning for identified children entering and leaving the Head Start/Early Head Start program.
- Participate in IEP and IFSP meetings as requested by the family.
- In collaboration with center director and family advocate, plan for and provide training for staff and parents in disability related topics including the referrals, evaluations and service timelines required under IDEA.
- Work in collaboration with health and education staff to implement practices, accommodations, and/or adaptations for children with special needs and communicate technical assistance needs when identified.
- Work with education staff to incorporate IEP and IFSP goals in the classroom and home environment.
- Meet as requested in person and by phone with MARC Mental Health and Disabilities Manager regarding work assignments as needed.

Funding Timeframes:

- The terms of this contract will be divided into two contract periods.
- The first contract will extend from August 1, 2025, through October 31, 2025. The second contract period will extend from November 1, 2025, through October 31, 2026.
- Thereafter, MARC may extend the term of the contract to two additional periods. This extension is contingent upon successful performance and services provided, and upon availability of funds.
- All awards are provisional pending approval of the MARC's federal grant application by The Administration for Children and Families.
- Should a respondent's contract be terminated or relinquished for any reason, MARC reserves the right to return to the pool of respondents generated from this RFQ to select another qualified respondent.

Budget is based on an estimated 10 hours per week / 40 hours per month, these hours may fluctuate based on the time of year and schedule of activities. In some months, the hours may be longer and in others, such as the summer months, the hours may be less. Selected candidate / agency should be aware that this is a federally funded project and as such the contract will be subject to all terms and conditions applicable to federal grants. The selected candidate must also provide documentation of a clear criminal background check and TB screening.
