The Mid-America Regional Council**

Question and Answer

Updated February 13, 2026

Question and Answer

- **Question 1**

Will MARC be able to provide access to the agency's Replica account. If so, will there be any special tools or analyses available to assist with this assessment?

- **Answer**

MARC can provide the chosen consultant – with limited exceptions - access to MARC's replica account. Use of the account will be limited to this project and may include a tool created specifically to analyze this event.

- **Question 2**

Is the budget for this project inclusive of any costs associated with data acquisition?

- **Answer**

Yes, this budget figure includes money to pay for data acquisition costs.
