

Do you need access to affordable, reliable, high-speed internet?

If so, we want to hear from you!

As part of the **Kansas City Regional Digital Equity Action Strategy**, KC Rising, the Federal Reserve Bank of Kansas City, the Mid-America Regional Council and other community organizations are joining forces to ensure affordable, reliable, high-speed internet is available to everyone across the region.

We invite you to attend one of the upcoming, in-person **Digital Equity Workshops** to share your opinion on the **BIGGEST ISSUES** affecting your access to and use of the internet. We also want to hear what **IMPROVEMENTS** you recommend to help make your experience with the internet better. **Workshop schedule on back of flyer.**

During each workshop, participants will be able to review detailed information about the availability of broadband internet in their community. They will also brainstorm and identify potential broadband projects to improve internet access across the region.

If you can't attend an in-person workshop, please share your opinion online through Oct. 31, 2022, at surveymonkey.com/r/KCBroadband. You may also leave feedback by calling this toll-free number **1-800-274-1047**.

Internet access helps us:

- Share information and knowledge
- Take classes for school or work
- Conduct business
- Connect with doctors
- Bank, pay bills and shop
- Work from home
