Agenda:

1. Welcome and Introductions

2. VOTE: Approve the October 14, 2024, meeting summary

Kelly Gilbert noted that her organization needed to be corrected from Kansas City, MO to Metro Energy Center. Wes Minder made a motion to approve the October 14, 2024, meeting summary; Eric Rogers seconded.

3. DISCUSSION: MARC Conflict of Interest and Whistleblower Policies

Ryan Umberger summarized the respective policies.

4. Programming Discussion

- **VOTE: Approval of the scores**

Ryan Umberger summarized project scores for each respective funding source including timeliness considerations of the Mission-Martway application. The application was received after the deadline due to a misunderstanding of the successful submission of project. MARC staff was unable to determine if the issue was due to a system error or applicant error, so the application was accepted and included with the scored projects. Susan Barry made a motion to approve the scores as presented; Wes Minder seconded.

- **Introduction to the project review information**

Ryan Umberger shared revised information on the total available to be allocated to CMAQ projects. Projects requesting funding from multiple sources and duplicative requests were identified. Three funding scenarios were received before the meeting date. Ryan Dickey, Athena Huynh, and Wes Minder explained the rationale behind each submitted scenario.

- **Programming discussion by committee members**

Martin Rivarola confirmed historical funding targets for Congestion Mitigation and Air Quality projects. Bill Noll made a motion to approve Kansas Carbon Reduction Program and Congestion Mitigation and Air Quality funding recommendations as presented; Wes Minder seconded.

Wes Minder made a motion to approve Missouri Carbon Reduction Program and Congestion Mitigation and Air Quality funding recommendations as presented; Noell Bennion seconded. As a condition of the recommendation \$1,300,000 will be reprogrammed if MoDOT is unable to move forward with the Adding a Shared Use Path on Rte. 291 NB Bridge over Missouri River project.

5. Adjournment

The committee adjourned at 3:43 PM.
