# Missouri Family Resources

**Missouri Family Resources** is a free statewide resource website and mobile app that houses a variety of local resources for families with young children. It is designed to be used by families and professionals.

Users can search for local resources, then print their search results or share them directly by email, text, or social media. Users may also suggest updates to resource listings and can submit new resources to be included in the database. This will help keep the database comprehensive and current. Account users can make notes about individual resources and save resources to their favorites folders.

Missouri Family Resources collects no personally identifiable information (PII). Data is used to analyze search patterns and the availability of resources in a geographical area to inform local decision making.
