Missouri Programming Committee Meeting Summary

October 27, 2026

1. Welcome and Introductions

Missouri Programming Committee (MPC) Chair Sherri McIntyre welcomed members and guests and called the meeting to order. Attendance of this meeting is included at the end of this summary.

2. VOTE: October 13, 2026, Meeting Summary

Shelie Daniel moved to approve the October 13, 2026 and meeting summary. Michael Park seconded the motion, and the motion passed.

3. 2026 Suballocated Call for Projects

Transportation Program Manager Marc Hansen reviewed the resources requested by the committee at the previous meeting. The committee heard and acknowledged negative public comments received, noting the overall majority of comments were positive (and no project received overwhelmingly negative comments). Program funding targets for 2029-2030 for each program were reviewed again; estimates are based on historical funding amounts until the new transportation funding bill is passed/more information becomes available. Due to the new committee structure consolidating funding recommendations to one committee, the MPC will have the opportunity to view all available suballocated funds/requests when making recommendations for each program.

The committee reviewed historical funding for all programs, including amounts awarded and per capita funding per jurisdiction. Project delivery by jurisdiction across funding cycles was presented, and the committee recognized changes in the obligation schedule could be due to many different reasons, often out of the control of the project sponsor.

In advance of the meeting, the committee received three funding scenarios focused on non-STBG funds. One scenario was received from a non-member, but the committee agreed to consider those scenarios alongside the two supplied by committee members. When discussing if non-member scenarios would be accepted in the future, the committee expressed concern about disclosure of conflicts of interest, as well as receiving too many or duplicate scenarios. The committee accepted all scenarios as a starting point for conversation, and members from Platte County and Lee's Summit presented their scenarios (the non-member sponsor of the third scenario was not present at the meeting). The committee discussed individual projects, jurisdiction priorities, and ability to utilize funds, and ultimately developed a tentative list of recommendations for CMAQ, CRP, and TA to review with their respective jurisdictions. Proposed scenarios for STBG funding should be shared with MARC staff by November 2, 2026 to distribute to the committee ahead of the next meeting.

4. Other Business

The next regularly scheduled meeting is Tuesday, November 10, 2026. The committee has an opportunity to hold a special meeting on November 24, 2026, if needed.

5. Adjournment

The meeting was adjourned.
